

All graphs are based on the last 30 days at a 6 hourly averaged interval for both Utilisation and Bps. All 3 schools have a 10mb line. To provide graphs for the past year would average in the night time when the link was unused and thus show a lower utilisation.

#### Custom Chart - Seacroft\_6503\_VRF-FastEthernet2/22 - Link to Brownhill PS (2445) WS-C2950T-24 Fa0/24
